

IMPORTANT ANNOUNCEMENT

The City of Charleston and Carolina Waste Services are announcing improvements to the collection schedule of garbage, yard debris and bulk waste in your neighborhood, street or area.

Beginning **November 16, 2015**, streamlined same-day pick up service for **GARBAGE and YARD DEBRIS** (leaves/yard waste in **brown paper bags** & small limbs stacked no larger than 4 inches in diameter and 4 feet in length) will start. **If you reside in one of the neighborhoods or areas listed below, your yard debris collection day will move from Thursdays to TUESDAYS joining the regular garbage pick up day.** Reminder: the use of clear or black plastic bags for yard debris is prohibited at the Landfill and Carolina Waste will not pick up plastic bags.

UPDATED Feb. 2017: BULK WASTE (furniture, appliances, etc.) **will now be collected every FRIDAY by a new** neighborhood request. It is important to know that only completely empty, dry paint cans may be discarded as bulk waste. There is no pickup of car batteries or tires. Also, *contractor* waste of any kind i.e., lawn & landscaping maintenance, tree maintenance and construction materials must be taken directly to the Bees Ferry Landfill *by the contractor*.

These changes **do not** impact Charleston County's recycling bi-weekly pick up schedule. [Recycling Centers](#) accept full and partial cans of paint.

MT. ROYALL	HARRINGTON PLACE
-------------------	-------------------------

We hope that combining garbage and yard debris collection into one day will make it easier for you. It will also help to maintain an attractive neighborhood appearance, and please remove your garbage cart from the curb by **6:00 p.m.** day of service. It's the law!

Thank you for your understanding and patience in adjusting to the new schedule. If you have questions or concerns, please contact Sam Price, Superintendent of Environmental Services, City of Charleston, at 724-7365 or prices@charleston-sc.gov.

Thank you very much.
